

## Newsletter Tip: Run Reports

Did you know that as a Teacher, you can run reports by grade or school, or by your own customized student groups? You can select reports from Profiler results such as Students by Common Interest Areas, Learning Styles, and Expression Styles. You can create and print a list of all students Top 3 Profiler Results as well! Can you imagine how this will affect your teaching, your classroom, your students, every day? Check out the "Reports Tab" in the Teacher Site!

The screenshot shows the 'Create Student Reports' page. At the top, there is a navigation bar with links: Dashboard, Teach, My Students, Reports (highlighted), Toolbox, Inbox, Resources, Help, Support, and a phone number 203-680-8301. Below the navigation bar, the page title is 'Create Student Reports'. A paragraph explains that reports can be generated to identify students with similar profiles of interests, learning styles, and expression/product styles. Below the text, there is a 'Select One:' dropdown menu currently set to 'Run Reports By Grade Level/School'. Below that is a 'Select a Report:' dropdown menu with a list of options: '<--Select One-->', 'Students by common Interest Areas', 'Students by common Learning Style', 'Students by common Expression Style', 'Students by Any Combination', 'Totals by Interest Areas', 'Totals by Learning Style', 'Totals by Expression Styles', 'Alphabetized list of Students Top 3 Interest Areas', and 'Alphabetized list of Students Top 3 Interest Areas/Learning Styles/Expression Styles'. A copyright notice '© 2012 Renzulli Learning' is visible at the bottom left.

If you have Manager access - you have even more Reports options! You can run the same reports as a Teacher, but for the whole school. Additionally, you have more options so that you can look at the usage of Renzulli Learning in your school or district and determine your needs for Professional Development - both for training within the Renzulli Learning platform as well as general instruction based on your schools' Profiler results! Check out your Dashboard for overall bar graphs and quick links in the Report Finder, or click the "Reports" tab for more options.

The screenshot shows the main dashboard of the Renzulli Learning platform. It features several sections: 'Search' with tabs for Students, Teachers, Parents, Managers, and All Users; 'My Inbox' showing 165 new messages; 'My Calendar' with no events scheduled; and 'Report Finder' with a dropdown menu for selecting reports. Below these are four tabs: Student Utilization, Student Activity, Teacher Utilization, and Teacher Activity. The 'Student Utilization' tab is active, showing a bar graph with data: 1-Allotted Credits (128), 2-Registered Students (109), 3-Profiles Completed (104), and 4-Logged In (1). The 'Learning Styles' tab is also active, showing a bar graph for the 'Top 3' learning styles: 25% Technology, 15% Discussion, and 14% Games. A dropdown menu for 'Select a Report:' is open, listing options like Activity Report, Diff. Survey Results, PSP Utilization, Reports on Students, Student Profile Report, and Users Utilization Report.
